

## Board of Control News:

By Matt Previts, Secretary

For the last several months the board has been working with University of Akron administration to secure a long term lease for the property at 464 Carroll St. The house has been vacant for many years but has been maintained by the University. The house has excellent potential to support the Beta Rho chapter for the foreseeable future. The board is in the final stages of negotiation with the University and should enter into a lease agreement by the end of April.

A new **tkebp.org** website is in the works! At the February meeting the Beta Rho board entered into an agreement with We Do Digital for a complete website redesign. The site will serve the active chapter and alumni and will be tied to the current efforts of the new board to support the resurgence of the chapter and the capital campaign for 464 Carroll Street. The site will host active and alumni scrolls (password protected), information on the campaign, chapter history and photos, and resources for actives and alumni. We thank Frater Mark Bruno and his company wddonline for their work in making this happen.
